

FAMILY, CHILD & BABY PHOTO PACKAGES

Photography sessions with children work well when we're outside in the park, in a relaxed environment where there are lots of things to see and do and I can capture the magic as it happens.

Sitter sessions, for babies who can sit unaided but are not yet crawling, work well in your home, where they feel most comfortable. I will take time to get to know your children, make you all feel at ease and we can get some wonderful natural shots of them (and you!) and have some fun.
