FAQ

Where will the shoot take place?

The shoot can take place in Kingston upon Thames at my home or a favourite location of yours. I do however have guaranteed great spots for outdoor locations and natural light indoor shots at my home.

What should I wear for my headshot?

- Bring some options with you, which we can look at together when you arrive but **bring clothes that make you feel good** and allow variety. **It is better bringing too many clothes than too few to choose from.**
- Please try to avoid logos, distracting patterns, fluorescent clothing and old worn baggy clothing and make sure that items are not creased or crumpled. Don't bring your old comfy tops... bring your best quality tops, it will make a difference to your photos.
- Please do bring a variety of tops with structure and different fabrics/textures/colours and necklines (an open/low neck such as a v-neck or shirt) and **dress for casting type possibilities.**
- Bringing a couple of jacket options (leather/denim/wool) will also allow for more choice for your agent. **Bring at least two layers to play with.**
- Bright colours that compliment your eyes or skin tone can work well so do bring some, don't only bring grey or black and do bring a light-coloured top with you.
- Men, I suggest bringing a slim fit shirt/jumper/v neck t-shirt/crewneck, a smart dark jacket or blazer and possibly a slightly thicker jumper.
- **Think about the role that you want to be cast for and think about dressing for your age...** beg/borrow from your friends!

Can I use a makeup artist?

You are welcome to but please do this prior to your session and arrive ready to go. If you would like to start off with a little make up and add more yourself as we go along that is fine too. The last couple of shots that we take can be a slightly more made up look so do bring some make up with you. Too start with keep it natural, casting directors want to see you walking through the door looking the same as your headshot photo. Avoid fake tan. Men are welcome to shave halfway through the session for a different look, please remember to bring a shaving kit with you.

How much will you retouch a photo?

I will always edit out a spot or blemish. I can (if requested) minimize wrinkles/fine lines slightly but I will not eliminate them completely.

What if the weather is bad?

If it rains there is a possibility that we may have to reschedule, as it's important to have a good variety of headshots (indoor & out). I am on constant weather watch and will keep you well informed.

Do you supply colour and black & white photos?

If you would specifically like black & white as well as colour, then I can add those to your gallery free of charge as long as you request them.

Can I buy extra headshots?

Yes, you can buy extra retouched headshots at £20 or £15 each

What if I'm ill or need to rearrange/cancel?

I require 48 hours notice if you would like to rearrange a shoot. I take a booking fee of £30, to guarantee your date/slot, this will be deducted from the overall fee. If you wish to cancel completely then I require up to a week's notice otherwise your deposit will not be refunded.
